Letting loose hope

All CEL members receive:-

Green Christian: Two issues a year of our magazine containing news, articles, readers' letters, book reviews, updates on CEL internal business and a great deal more....

Storm of Hope pamphlet once a year.

CEL News Bulletin: Additional CEL News Bulletins may be sent out during the year with ideas and resources for local church action.

CEL e-news: A twice monthly round-up sent to members and non-members. If you wish to receive this please send your email address to webeditor@christian-ecology.org.uk

CELlink Email Discussion Group for members only. Contact: webeditor@christian-ecology.org.uk to link in.

Pioneering practical discipleship

ecocell: Want to cut your environmental footprint, grow as a Christian and reach out to the local neighbourhood? You can do all three with CEL's *ecocell* programme. All you need is freely available on the CEL website: information, ready-to-print hand-outs, fact sheets, biblical reflections, measuring sheets. Go to www.greenchristian.org.uk

As you work through the various modules that make up the *ecocell* course you will discover that there is no cheap, easy or comfortable way out of the planetary crisis we have created. Instead you are offered a set of tools to frame and guide your prophetic witness. Let them deepen your convictions, impel you to action, and provide the motivational 'sparks' that inspire your passion for Christ and all life on Earth. The tools help you to understand where we are and how we got here; to grieve for the loss and damage to God's world; and give hope to empower you to take

action to live more lightly on the Earth. The course is arranged in modules. After an introductory session, the topics covered are: Waste, Shopping and food, Energy in the home, Water, Transport and travel. Each module is composed of separate files, which means it can be used with both secular and church groups.

Tony Emerson is the *ecocell* co-ordinator. He is available to help you and can visit your group for the cost of his travel. You can contact him at: 44 Leigham Vale, Streatham, London SW16 2JQ. 020 8769 4078. Contact him on tony.emerson12@btopenworld.com

Local Groups: We encourage the formation of local groups and have an information sheet to give you ideas on how to get one started together with a wealth of materials which you can use for meetings. Contact our local groups co-ordinator Isobel Murdoch on 01790 763603.

Equipping prophetic witness

Campaign Materials: CEL's **LOAF** principles encourage eating food which is **L**ocally produced, **O**rganically grown, **A**nimal friendly and **F**airly traded. On climate change issues CEL supports Operation Noah. Visit www.operationnoah.org

Exhibition Panels: We are able to loan out large print laminated posters suitable for use on CEL stalls and displays. See order panel for what is available. A donation to cover postage costs is requested. Contact Jill Vogler for availability and please give as much notice as possible. Use the form on the back page to order, or email jill-publications@christian-ecology.org.uk.

Publications: Our *Green Christian* magazine and *Storm of Hope* pamphlet provide food for thought and action. CEL members are encouraged to order extra copies and to display the *Storm of Hope* pamphlet in their own church. We have

leaflets on different topics. See back page order form for details.

Speakers: We can help you find speakers to give talks on the Christian dimension of environmental concern to churches, church groups, and other Christian gatherings, both large and small. Contact CEL's Information Officer: Tel. 0845 459 8460. Email. info@christian-ecology.org.uk.

Children and Young People: RECONNECT, CEL's environmental resources for children, young people and their leaders is available from Ringsfield EcoCentre in Suffolk, info@ringsfield-hall.co.uk (01502 713020). The Centre is also available for residentials and help with working with young people and the environment.

Empowering agents of change

CEL's website www.greenchristian.org.uk is the premier Christian environmental website in the UK. Send us news of your events to add to the 'What's On?' page. Visit it to discover:-

- CEL's Community of Prayer and CEL's monthly prayer guide.
- News.
- A list of environmental events in churches throughout the year.
- Green Sermon Notes for the Sunday readings of the Common Lectionary.
- Environmental Awareness Course for Christian groups with resources appropriate for a variety of ages.
- Short monthly articles for use in church magazines.
- Examples of practical actions taken by local churches to inspire others.
- Details of CEL campaigns and conferences.
- Download CEL leaflets.

CEL Prayer Guide: The CEL Prayer Guide for the care of creation consists of an entry for each day of the month. Those for Sundays take the form of a prayer. The other days set out the facts on some current environmental issue and suggest prayer on this topic. This guide is an invaluable resource for churches wishing to include environmental issues in acts of worship. It is produced by CEL member Philip Clarkson-Webb and costs £10 p.a. (cheques payable to Philip Clarkson-Webb). It is available from 15 Valley View, Southborough, Tunbridge Wells, Kent TN4 0SY. The Prayer Guide can also be downloaded from CEL's website or sent to your email address monthly or daily.

CEL has a community of prayer, which prays for creation and action for eco-justice, Wednesdays, sometime between 6am-9am or 9pm-midnight.

Ordering Resources

Please note on the form overleaf which materials you want. Write your name and address below and send the form with a cheque for the total amount to:

CEL Publications, 40 The Avenue, Roundhay, Leeds LS8 1JG.

(Cheques made payable to CEL)

Please allow 21 days for delivery.
